

# Welcome to our Specialty Practice

We are a part of your Patient-Centered Medical Home Neighborhood!

We are partnering with your Primary Care Physician as they build your Medical Home. We are sharing their commitment to effectively and efficiently co-manage your care over-time. As your Specialist, we will be sharing limited or long-term management (depending on the nature and impact) of your condition and provide advice, guidance and periodic follow-up until the crisis or treatment has been stabilized or completed.

#### You may notice that:

- We will be communicating with your Primary Care Physician (PCP) and will be providing timely written reports on our consultations with you to them.
- We will be providing future scheduled appointments and treatment plans.
- We will be notifying your PCP of referrals needed for other Specialties.

#### We trust you, our patient, to:

- Keep your appointments as scheduled, or call and let us know when you cannot
- Learn about your insurance, so you know what it covers
- Learn about wellness and how to prevent disease
- Seek the advice of your PCP before you see other physicians.
- Follow the care plan that is agreed upon-or let us know why you cannot so that we can try to help, or change the plan
- See your PCP on an annual basis for all preventive services

#### We will continue to:

- Remind you when tests are due so that you can receive the best quality care
